

# Clean & Safe program

The tourism trade associations have launched a "**Clean & Safe**" label. The label lets guests know that they are visiting an establishment that has consciously committed to comply with the safety **concept against Covid-19 virus**.

The "Clean & Safe" campaign is supported by Switzerland Tourism. Service suppliers are responsible for ensuring that the safety protocols are implemented and complied with. Cantonal regulations must also be taken into account in the protection concepts and measures. You may find further details regarding the campaign raised by MySwitzerland.com by clicking on the below link [HERE](#).

At **SMT**, we take the safety of our customers and our stakeholders very carefully, for those reasons we have chosen to prioritize this label in the organization of your journey.

Considering the large range of suppliers we are working with to provide you tailor-made services, we always do our utmost to negotiate the most suitable terms and conditions for your trip.
