Geneva

The symbol of the «world's smallest metropolis» is the “Jet d’eau” – a fountain with a 140-metre-high water jet at the periphery of Lake Geneva. Most of the large hotels and many restaurants are situated on the right-hand shore of the lake. The old town, the heart of Geneva with the shopping and business quarter, holds sway over the left-hand shore. It is dominated by St. Peter’s Cathedral, however the actual centre of the old town is the Place du Bourg-de-Four, which is the oldest square in the city. Quays, lakeside promenades, countless parks, lively side streets in the old town and elegant shops invite guests to stroll. One of the best-maintained streets is the Grand-Rue, where Jean-Jacques Rousseau was born. The «mouettes», a type of water taxi, enable crossings to be made from one lakeshore to the other, while larger vessels invite visitors to enjoy cruises on Lake Geneva.

Novotel Genève Centre **** or similar

The Novotel Genève Centre offers spacious rooms, some with terrace, right in the city centre. Ideal for business, our hotel in Geneva has 5 meeting rooms. To relax after work or between two visits, you can recharge your batteries in the wellness area with sauna, hammam and fitness room.

Half day tour in Lavaux and wine tasting

St-Saphorin, Dézaley, Epesses - names which roll easily off the tongue of fans of fine wine. And the views from the Lavaux vineyards, set high above Lake Geneva, provide the perfect backdrop for winelovers. The natural, cultural and culinary highlights of this area are definitely well worth a visit. The steep vineyards, arranged in terraces, benefit from the sun and its warming rays three times over: from the rays coming straight from the sun, the ones bouncing off Lake Geneva, and those from the stored-up heat in the many stone walls.

The setting of Lausanne is extremely picturesque: it is hardly surprising that the International Olympic Committee has been based here since 1914. The town is built on three hills, surrounded by vineyard-covered slopes, with Lake Geneva at its feet. Rising impressively from the opposing French lakeshore are the Savoy Alps. The attractive old town is largely car-free. Small alleyways with cafes and boutiques shape the streetscape in the medieval city centre.

The old town is dominated by the cathedral, which is regarded as Switzerland's most impressive piece of early Gothic architecture. Lausanne was a diocesan town for over a thousand years. can be found surrounding the cathedral as well as in the pretty waterfront area of Ouchy. Switzerland's only «metro» connects the various parts of the town and eases travel in this incline-based town.
