Geneva, Zermatt, St Moritz and Interlaken

Welcome to Switzerland.

Day 1 - your programm :

- Arrival at Geneva Airport
- Private transfer from Geneva airport to your hotel
- Overnight in Geneva – Novotel or similar

The symbol of the «world's smallest metropolis» is the “Jet d’eau” – a fountain with a 140-metre-high water jet at the periphery of Lake Geneva. Most of the large hotels and many restaurants are situated on the right-hand shore of the lake. The old town, the heart of Geneva with the shopping and business quarter, holds sway over the left-hand shore. It is dominated by St. Peter’s Cathedral, however the actual centre of the old town is the Place du Bourg-de-Four, which is the oldest square in the city. Quays, lakeside promenades, countless parks, lively side streets in the old town and elegant shops invite guests to stroll. One of the best-maintained streets is the Grand-Rue, where Jean-Jacques Rousseau was born. The «mouettes», a type of water taxi, enable crossings to be made from one lakeshore to the other, while larger vessels invite visitors to enjoy cruises on Lake Geneva.

Novotel Geneve Centre **** or similar

The Novotel Genève Centre offers spacious rooms, some with terrace, right in the city centre. Ideal for business, our hotel in Geneva has 5 meeting rooms. To relax after work or between two visits, you can recharge your batteries in the wellness area with sauna, hammam and fitness room.

Glacier 3000

Within just 15 minutes, you will get whisked from the valley floor to 3k altitudes – no switching required. At the top, you will surely notice the summit station designed by Swiss architect Mario Botta. The various look-out points at Glacier 3000 offer panoramic views of two dozen snow-capped peaks above 4000 meters of altitude: Eiger, Mönch, Jungfrau, the Matterhorn, Grand Combin, and even Mont Blanc in the far distance.

Zermatt

The location of Zermatt at the foot of the Matterhorn and in the middle of an enormous hiking and ski region makes it one of the world's most attractive vacation villages. The ski region encompasses 54 mountain railways and lifts as well as 360 kilometers of pistes. The region called "Matterhorn glacier paradise" is Europe's largest and highest lying summer skiing region. Numerous national ski teams train here in the summer.

The region is legendary amongst mountaineers: the Haute Route, a challenging international route that takes several days to complete, leads from Mont Blanc to Zermatt. Over 400 kilometers of hiking trails lead through and out of the Matter Valley, including the mule traders' trails, which date back to the 13th century (a part of these paths is paved).

This is the peak on which the highest mountain station in Europe is located. Surrounded by 38 four-thousanders and 14 glaciers in three countries, the Klein Matterhorn holds all in its sway.

Gornergrat train

Surrounded by no fewer than 29 peaks above 4,000 meters, such as the majestic Matterhorn and the Dufourspitze as well as the third-longest glacier of the Alps, Gornergrat rewards visitors with unparalleled views.

Day 4 - your programm :

- Breakfast at the hotel
- Glacier Expres from Zermatt to St Moritz
- Overnight in St Moritz – Hotel Laudinella or similar

Glacier Express

The Glacier Express offers a journey for the senses – from Engadine right to the Matterhorn. On its relaxing drive from dazzling St. Moritz to equally sophisticated Zermatt, the Glacier Express delights travellers with scenic attractions and technical state-of-the-art achievements. With its overhight panoramic windows, the Glacier Express opens up unobstructed views of unique landscapes.

St Moritz

St. Moritz, which is in the Upper Engadine, at an elevation of 1,856 m, boasts plenty of sunny days. It was exactly this sun that was legally protected as the emblem of St. Moritz in 1930. St. Moritz was often ahead of the times - for example, the first electric light went on at Christmastime in 1878, the first golf tournament in the Alps took place here, in 1889 and one of the first ski lifts in Switzerland began running in 1935.

Guests from all over the world appreciate the modern Alpine lifestyle, characterised by top-class restaurants that can satisfy gourmet demands even by the side of the slopes, hotels that set standards in every category, and events of international calibre. The Via Serlas guarantees great shopping in a small space, though you can also find local specialities like the famous Engadine nut tart just around the corner.

Hotel Laudinella **** or similar

Traditional four-star hotel from the 1950s, with 170 rooms and suites in different categories, some with balcony. Only a few minutes from Lake St. Moritz and the cable cars and mountain railways. Modern wellness spa on the fifth floor with lounge terrace and magnificent views. Something for every taste: five restaurants, two bars and a cultural evening programme in the partner hotels.

Day 5 - your programm :

- Breakfast at the hotel
- Transfer to Interlaken
- Rest of the day at leisure
- Overnight in Interlaken – Hotel Royal St Georges or similar

Interlaken

By the beginning of the 19th century Interlaken in the Bernese Oberland had already become renowned for its impressive mountain scenery. Famous contemporaries such as Johann Wolfgang von Goethe and Felix Mendelssohn traveled in these mountains. Interlaken's success as a tourist destination was further enhanced by the completion of the Bernese Oberland Railway in 1890 and the Jungfrau Railway in 1912.

As a vacation destination and convention location of international importance, Interlaken is an ideal starting point for countless excursions. Over 45 mountain railways, cable cars, chair lifts and ski lifts lead to 200 kilometers of pistes and a dense network of hiking trails. Excursion ships, including historic paddle steamers, ply the waters of Lake Thun and Lake Brienz.

Hotel Royal St Georges ****

The Hotel Royal St Georges Interlaken MGallery Collection is located in one of Switzerland's most popular resorts, between Lakes Thun and Brienz. The 4-star hotel facing the Alps, with views of the Eiger, Mönch and Jungfrau, invites you to relax with its historic charm and modern comforts.

Day 6 - your programm :

- Breakfast at the hotel
- Full day to Jungfraujoch
- Overnight in Interlaken – Hotel Royal St Georges or similar

Excursion to Jungfraujoch

For more than 100 years, the Jungfrau railway has been making its journey to Europe's highest-altitude railway station at 3454 metres a.s.l. – right at the heart of the UNESCO heritage site "Swiss Alps Jungfrau-Aletsch". All through the year, the cog railway runs steeply up through a tunnel to the Jungfraujoch from Kleine Scheidegg.

The tunnel leading up from the station Eigergletscher is seven kilometres in length and was built between 1896 and 1912. One stop within the tunnel offers spectacular views onto the glacier world outside through windows in the Eiger North Face. On the summit, visitors are greeted by a high-Alpine wonder world made of ice, snow and rocks. All of this can be marvelled at from the viewing platforms "Sphinx" and "Plateau" on the Aletsch glacier or from the "Ice Palace".

Day 7 - your programm :

- Breakfast at the hotel
- Transfer to Zurich airport

Wish you a nice trip
