DISCOVER SWITZERLAND BY BIKE GETAWAYS

Travel - Explore - With a difference

**Choose your stages and your destinations!**  
Let's create your tour together!

You can choose to travel from one region to another, passing by the Jura, balcony of the Alps, and the hills surrounding Lake Geneva (Lac Léman), the terraced vineyards, the Valais countryside following the Rhône or by mountains following the Alps along the southern bank of the river.

We have selected the itineraries and the hotel stays for day trips around a single destination, or trips in stages to other destinations.

With graduated, connected routes, everyone can find a trip to suit them and their e-bike.
